RUSHVILLE SEES MOVING Fortress

American Whippet Tank. Two Weeks
Overdue, Brought From Shelby-
ville This Morning on Truck

GIVES EXHIBITION AT 4 P. M.

Endurance of Privates Sepker and
Bye Tested in Tour Almost as
Much as When Under Fire

Two weeks overdue, the American whippet tank was brought into Rushville aboard a huge army truck shortly before twelve o'clock today and will remain until tomorrow morning.

An exhibition of what the tank will do, in the interest of the Victory loan campaign was scheduled to take place at four o'clock this afternoon. The army truck, with signs tacked on it, was driven about the streets this afternoon advertising the event. The time of the exhibition was announced in all the city schools this afternoon so that the school children would not miss the opportunity of seeing the tank.

Privates Clayton L. Bye of New York City and Frank G. Sepker of Detroit, who are in charge of the truck and tank, have undergone difficulties that tested their endurance equally as much as their experience on the front lines, despite the fact that they were under fire continuously for seventy-two hours in the Argonne sector. They lost a week's time at Gosport when the tank's ignition system was damaged and since that time have suffered repeated delays due to troubles along the road, not the least of which was the accident just outside of Shelbyville yesterday afternoon when the rear wheels of the tank went through the floor of a bridge.

The truck was held suspended in a dangerous position and it was regarded by the two men as nothing short of miraculous that it did not fall twenty feet into twelve feet of water in the stream below. It was necessary for Privates Bye and Sepker to remain in Shelbyville all night and proceed to Rushville this morning.

On account of the mishap at Gosport, it has been impossible to drive the tank from town to town on its own power, as was originally intended. For this reason the tank is not able to perform any difficult feats because of the strain on the ignition system, which may break at any moment.

The tank is camouflaged with green and yellow paint, just as it was when it was in the service overseas. It is not the tank which Privates Sepker and Bye manned overseas. The tank which they used during their seven and a half months service in France was of French manufacture, but of the same size as the one here. It accommodates only two men, who alternate driving the tank and operating the gun mounted on it.

The two privates expected to be joined by another truck here this afternoon, to be used in transporting the tank to Indianapolis tomorrow in case of emergency. The tank weighs seven tons and tests the capacity of the five-ton truck on which it is being transported.

"Y" SECRETARIES TO MEET

Richmond, May 1.—It is expected that about thirty Y. M. C. A. secretaries and physical directors from different parts of Indiana would be present at the meeting here today and Friday of employment officers for the purpose of discussing the association's problems to be met the ensuing year in connection with the returning service men and other problems of like nature.

RUSSELL KIRKPATRICK BACK

Parents Receive Word Today he
Landed From Freedom Monday

Russell Kirkpatrick, an enlisted man with Base Hospital No. 32, landed in New York from the transport Freedom, Monday, according to word received by his parents, Mr. and Mrs. Samuel Kirkpatrick, living north of the city, today. When news was received from Neff Ashworth, also with the base hospital, yesterday, and none from the other local boy with the unit, it was believed that he had not arrived because of a report that not all of the members of the hospital unit sailed due to the transport being crowded.

SAME RATE OF GAIN IS MAINTAINED TODAY

\$50,000 Added to Loan Subscrip-
tions in County, Bringing Total
to Within \$175,000 of Goal

3 TOWNSHIPS SEND \$14,500

Sales of Victory loan bonds today mounted \$50,000 more, the rate of gain for several days, so that the total reported to state and district headquarters tonight will be \$650,000. This leaves the county only \$175,000 short of its quota of \$825,000, which it was hoped could be raised by Saturday. Unless the rate of increase is larger tomorrow and Saturday, the goal can not be passed this week. County loan officials were very hopeful, however, of going over the top by Saturday night.

More reassuring reports were forthcoming today from the township canvassers, who forwarded to T. M. Green, county sales director, slips showing sales amounting to \$14,900 from three townships, Anderson, Walker and Center, all of which have previously reported sales. No word, either direct or indirect, has ever been received from Richland township, and the campaign is not being pushed very fast in some other townships. Anderson township reported \$1,600 additional today, Center \$1,200 more and Walker \$9,100 additional, making a total of \$14,700 reported by the latter township.

MUST FILE MORTGAGE EXEMPTIONS BY MAY 5

Taxpayers Are Warned That Next
Monday is Last Opportunity—
Also Last Day to Pay Taxes

ABOUT \$60,000 TO BE PAID YET

Attention was called to the fact today, at the county auditor's office that the time for filing mortgage exemptions expires on the same day as the spring taxpaying period, and all taxpayers who have not filed their exemptions are urged to do so at once. The last day a taxpayer will be able to get the mortgage exemption under the law is next Monday.

There are likewise only three more days after today in which to collect approximately \$60,000 due on the spring tax installment at the beginning of business today. Charles A. Prazee, county treasurer, announced this morning that collections up to last night amounted to \$257,885.13, and that the average would have to be about \$20,000 a day for the spring installment to be paid. The office will be open tomorrow night, Saturday night and Monday night for the convenience of people living in Rushville, who are asked not to call at the office during the day Saturday.

RAIN OFFSETS ILL EFFECTS OF FROST

Farmers are Encouraged Because
Moisture Will Overcome Much of
Damage Due to Freeze.

CORN PLANTING IS DELAYED

Fruit Raisers Take More Hopeful
Outlook—Believe Loss Not so
Heavy as First Thought.

Although there has been a great deal of grumbling during the last few days on account of the treatment received at the hands of the weather man, it was pointed out by farmers this morning that the rain today and for the last few days was the very thing to help to overcome the ill effects of the frost last week.

It is stated that the rain will cause the wheat and other crops, and also the fruit, to survive the frost in much better condition than if the weather would have been dry and the sun shining all the time. Many of the fruit raisers are encouraged by the prospect for a part of a crop, at least, instead of the dark outlook a day or two after the freeze when it appeared the loss would be total.

Some of the farmers were alarmed this morning, however, as the prospects of getting the corn planted at the usual time are not good. It is estimated that about five percent of the corn ground in the county is unplowed. Some farmers are entirely done and have their ground partly in order for planting. Many more have a little to do and others have more to do, so much that the continuance of wet weather is a disadvantage, and is becoming slightly alarming to them.

A large amount of corn land was broken during the fall and winter and some farmers have been extremely anxious to get to the planting job, since the preliminary work was completed. Many farmers, however, hold that if they get their corn planted by the middle of May they are getting the crop started on good time.

The farmers of the county are of the opinion that the freeze of last week did little damage to the wheat, unless it was in the low lands along the river. They also believe that the damage done to oats was probably not as great as first believed.

BOOST LOAN TOTAL

Washington, May 1.—Over night reports boosted the Victory Loan total about \$70,000,000, according to Treasury officials today.

Civilians to Know Sensation

MAKE FLIGHTS AT WABASH

P. A. Newhouse and John Bowles, county commissioners, and Hal Green, county highway superintendent, are probably the first civilians in Rush county to know the sensation of flying.

Each took a trip through the clouds in an airplane at the commercial flying field near Wabash, Ind., yesterday, and neither today had any regrets regarding the experience. They went to Wabash with Elmer Caldwell to inspect a motor truck manufactured there. The commissioners have advertised for bids on a truck to be used in hauling road material in the county.

The flying field is conducted by the concern manufacturing the truck and is said to be the first one established in Indiana for commercial purposes. The field is composed of

PEACE NEGOTIATIONS OPEN

Meeting Lasts 5 Minutes While Ger-
man Delegates Hand Credentials
to Allied Representatives

(By United Press.)

Rome, May 1.—The Italian peace delegation held a conference here tonight, lasting more than an hour. It was understood a decision was reached as to whether the delegations will return to Paris.

London, May 1.—A News agency dispatch from Rome today quoted a Rome paper as declaring the Premier Orlando and Foreign Minister Sonnino will remain there "until the allies are openly disposed to confer with Italy on a new basis."

Versailles, May 1.—Peace negotiations with Germany were officially open here at three o'clock this afternoon. At that hour Foreign Minister Brockdorff and Herr Landsberg German delegates, handed their credentials to Jules Cambon, Henry White and Japanese Matsui, representing the allies. The meeting lasted five minutes.

Paris, May 1.—Details of Japanese "moral victory" in the controversy over her territorial claims in China will be announced soon, according to information from Japanese sources today.

The agreement reached between Japanese delegates and the Big Three yesterday afternoon is outlined as follows:

Japan cedes the Shantung peninsula, including the port of Kiao Chan, to China. She will retain economic right in the peninsula and will receive certain valuable concessions in the port of Tsing Tao, 25 miles southeast of Kiao Chan.

Japan will immediately withdraw her military force from the Shantung peninsula, which they occupied since they seized it from the Germans.

Safety of mines and railways will be guarded through the Chinese police.

HIS ELECTION EXPECTED

Believe James G. Miller Would be
Reappointed Truant Officer

It was expected that James G. Miller would be unanimously re-elected county school attendance officer by the county board of education this afternoon, following the announcement by W. S. Conde that he was not a candidate for the office. Trustees were also to report on school enumeration.

Mr. Conde denied he was a candidate, saying: "I am not a candidate for truant officer, or any other office. I was a boy once myself and I remember that my father always regulated my truancy with a leather strap."

MAY LEAD TO ROUND UP OF THE RADICALS

Bomb Plot is Uncovered by Inter-
ception of Infernal Machines—
Work of Expert Mechanic

ALL WORK OF SAME HANDS

(By United Press.)

New York, May 1.—As a result of the discovery and frustration of a nation-wide bomb conspiracy against the lives of many prominent Americans, every agency of the federal and municipal government was at work today, not only in an attempt to trace the authors of the terrorist plot, but to guard against the Red's boast of a "country-wide surprise on May day."

Members of New York's famous "bomb squad" under the direction of Inspector Faurot, and hundreds of detectives watched the haunts of every known radical here and it was intimated by the police that there would be a general roundup of extremists of all types in this city and suburbs.

While thirty-six bombs have been delivered or intercepted in various cities—all apparently mailed from New York in identical parcel post packages—Postmaster Patten said: "The likelihood that other infernal machines will be brought to light in the next twenty-four hours does not comfort me. This is absolutely appalling."

Many Fights in Paris Between Gen-
darmes and Civilians When
Red Flag is Unfurled

"REDS" PARADE IN CLEVELAND

(By United Press.)

Paris, May 1.—Many soldiers and civilians were injured in clashes here this afternoon resulting from May Day demonstrations. Shortly after the disturbances began a crowd broke through a line of gendarmes but was stopped by cavalry. Many fights occurred between civilians and gendarmes when a red flag was unfurled.

About one-half of the demonstrators were allowed to continue until the cavalry reformed them. The demonstrators then surged into another street when another demonstration started.

The demonstrators shouted "Down with Clemenceau," "Vive Wilson!" and "Vive America!"

Several Persons Are Shot

Cleveland, O., May 1.—Several persons were shot, more than 100 were arrested and scores injured, following breaking up of "reds" May Day parade and meeting late today. Among those arrested was C. Ruthenberg, former socialist candidate for mayor.

NEW LUXURY TAX GOES INTO EFFECT

Ice Cream and Sodas Are Taxable
Along With Many of Other
Small Articles

TOILET ARTICLES IN THE LIST

Revenue Stamps Will be Affixed
Making the Retailers Respon-
sible For the Collection of Tax

Today those who are fond of visiting the ice cream parlors were required to have their pennies ready for the new luxury tax went into effect this morning. Under the new law a tax of one cent must be paid for every purchase of ten cents or a fraction thereof the amount paid for all ice cream, ice cream sodas and other drinks and small luxuries.

Local druggists and confectioners have been wondering just how they are going to keep a record of all the sales that they make, especially during rush hours. The law specifically states that an accurate account must be kept of every sale.

The law does not only affect soda fountain sales but hundreds of other small articles will be taxed, such as toilet articles. In this case the tax will be 1 cent on every 25 cents worth purchased. Revenue stamps will be affixed to the articles sold and the retailers will be responsible for collecting the tax.

Taxis, jitney busses and other passenger automobiles operated for hire are subject to special government taxes under regulations just issued by the international revenue bureau interpreting the provisions of the revenue act. On an automobile with a seating capacity of from three to seven is taxed \$10 a year, and busses capable of carrying more than seven are taxed \$20. Two-passenger cars are exempt.

The regulations provide that "bus lines, automobile stages and jitneys operating over regular routes" and cars operated by sight-seeing companies are liable to the tax. The tax is assessed against the car and not the owner, so that if a man sells a car he may not transfer the tax to another car. This tax became effective January 1 and is now due.

Other articles to be taxed and the percentage of the cost as represented by the tax are: pianos, organs (other than pipe organs), phonographs, music boxes, records, etc., 5 per cent; sporting goods (except playing cards and children's toys and games), 10 per cent; chewing gum 3 per cent; cameras, 10 per cent; candy, 5 per cent; firearms, shells and cartridges, 10 per cent; dark knives, daggers, sword canes, stilettos and brass or metallic knuckles, 100 per cent.

There is also to be a tax of 10 per cent of so much of the amount paid for any of the following articles as is in excess of a price specified for each article: Carpets and rugs, picture frames, trunks, portable lighting fixtures, umbrellas, fans, women's and misses' hats, bonnets and hoods on the amount in excess of \$15 each; men's and boy's hats on the amount in excess of \$5; shoes, neckties, shirts, pajamas and underwear.

According to a statement by Peter J. Krueyer, internal revenue collector today, the tax is upon the whole amount of the tax paid by the purchaser when the price is paid at one time though in payment for several articles which are the subject of a single transaction of purchase and sale. The total price paid is the unit for computing the tax; thus, if the purchaser orders two sodas at the same time and each sold for 15c the tax is 3c, and not 4c. If, however, he buys the soda for 15c the tax is 2c, and if he then immediately purchases another 15c drink the tax is 2c on the second

Meanwhile assembling of the articles of the treaty was reported to be progressing satisfactorily. Confidence was expressed that it

PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pain; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

The grand jury for the May term of the Decatur circuit court, which opens next Monday, has been called, and one of the first cases it takes up for investigation will be the alleged passing of two forged checks at Clarksburg by Ernest Pitman, age 19 years, son of William Pitman, living east of New Salem. Pitman was arrested Monday evening and is said to have admitted forging two checks, one for \$60 and another for \$15, and passing them. The authorities have been unable to find the \$75. Pitman says he threw it in a wheat drill on the farm where he worked.

COW TESTING CLUB LIKELY

Dairymen of Three Counties May be Organized, it is Stated

According to the report a cow testing club is to be organized between Rush, Fayette and Decatur counties in the near future. The

paramount purpose of such a club, it is pointed out, is to better dairy conditions. A licensed tester is to be hired and it will be his duty to examine the cows, which are owned by the members, and he will also test the milk. When this organization will be formed and who the members will be, has not been announced. This club should be of interest of dairymen of this county since it is estimated that only one cow in ten is a money maker. This club would enable the farmer to get rid of the slacker cow.

IT'S WEAR LIKE THIS THAT CUTS YOUR SHOE EXPENSE

Stepping on small pieces of hot metal, walking on sharp chips of steel, standing in hot sand—these, and other harsh conditions of walking surfaces, in a steel plant, have no apparent effect on Neolin Soles. So says R. J. Doty, plant superintendent of the Siver Steel Casting Company, Milwaukee, Wisconsin.

The best oak tanned leather soles last about three weeks under the abuse given them in the foundry, while I have been wearing a pair of Neolin Soles for more than three months. And to all appearances, they are as stout as when first put on my shoes," says Mr. Doty.

Only Neolin Soles can resist wear and abuse like this. They are created by Science to be very tough and durable—flexible and waterproof, too. To reduce your own shoe expense, and to cut the family shoe bills, buy Neolin-soled shoes. You can get them in many styles for men, women, and children.

And have your worn shoes re-bottomed with Neolin Soles. These long-wearing soles are manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outlast all other heels.

PHYSICALLY FIT AT ANY-AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease. One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism. Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

A Double Obligation.

Let's talk about the good name of Rush county.

Very little has been left unsaid about the "unselfish devotion of our youthful paladins who, in the dark hour of national peril, buckled on the sword, and, facing the supreme sacrifice, with the name of Rush county upon their lips," etc., etc. We have heard it all several times. The windjammers and spellbinders have dished it out in ladies. We know it off by heart.

The monotony of it has tired us to the point of callousness. And, as a result, we forget that we still face an obligation.

After discounting the patriotic rhapsodies of the politician—the hot air sublimities of candidates for office—we recover a vague consciousness of a duty which we still owe to boys of Rush county who have doffed their uniforms.

Throughout the country there are many cases of unemployment among soldiers from overseas. There are those whom blindness and mutilation have placed in a class to which no compensation can be offered commensurate with their sacrifice. The government no doubt wants to do something for their relief, and would do more if it had the price. That is one of the reasons for the Victory Loan. That is where we dwellers in Rush county come in.

"But" you ask, "how do we know what the government will do with our money? We have read of scandalous squanderings in the last

two years. What check have we on expenditure?"

We haven't any. And we never will have until we insist that representatives from this and all other districts demand a budget system—a system of national accounting—of the kind that obtains in all great nations except our own.

Here then is our double duty. Over-subscribe our quota; and demand ceaselessly and everlastingly a modern system of checking expenditures and regulating appropriations. But over-subscribe the quota. Do that first; and don't forget to do the other afterwards.

We wonder if a gentle and delightful sense of humor is an integral part of Bolshevism. To make men condemned to be shot dig the pit in which they are to lie together appears to the Russian bolshevik a neat and appropriate joke. They also drive nails into the shoulders of captured officers and merrily term this "decorating them."

It seems that our aviators are better flyers than talkers. When it comes to making self-glorifying speeches at banquets, their motors stall.

Digest of New Indiana Laws
By Charles Kettleborough.

BOLSHEVISM—An act approved March 14 makes it unlawful to display or exhibit any flag, banner or emblem symbolizing a purpose to overthrow the government by force violence or to destroy property to gain industrial ends; it is likewise unlawful to advocate, write, print, publish, sell or distribute any books, pamphlets or literature advocating any such doctrines of anarchy or sabotage.

When You Need a Truck

What one are you going to buy? Are you going to buy the one that conservative business men buy or are you going to buy the one that some purchasing AGENT of the government bought without considering whether it was right or wrong. UNCLE SAM paid the freight on all government trucks. But when a highly successful corporation, that was spending their own money that they had made themselves, knew that the government would need GASOLINE delivered to their various camps all over the country and that failure to deliver this gasoline at the right time meant the possible loss of some of our brave boys—WHAT DID THEY BUY TO DELIVER THE GOODS?—

“INTERNATIONAL TRUCKS”

—because they knew that they had never failed to do what they were built to do. There is a difference between SPENDING your own money and money furnished by the government and wide awake business men buy what they KNOW is right. That is what the STANDARD OIL COMPANY did when they bought INTERNATIONAL TRUCKS. They KNEW what was the best and bought them. I want to demonstrate an INTERNATIONAL to every MAN that wants a truck. For they are the ones that one can absolutely depend on—without saying anything about International Service or that repairs and expert service are always obtainable at Richmond in THREE HOURS time. It makes no difference what truck you buy, you will need repairs and expert service sooner or later. That is what we are going to give you when you want it without any delay. WATCH the Standard Oil Company TRUCKS. You can see them on the streets every day. When you buy, BUY one that you can use every day, and not in the repair shop all the time. I will gladly demonstrate the INTERNATIONAL to you at any time.

Soldiers at the Mystic

Private George I. Hall and company are present at the Mystic theatre tonight with the story of the battle of St. Mihiel and other engagements in oral and picture form. Friday Mae Murray in "Danger—Go Slow," will be shown.

Mugsy Mulane was just like a boy; in fact, she wore boy's clothes and would pass for a little he-urchin any place. While other girls of her age were playing at lawn parties and spending all their pennies for freckle-remover, Mugsy was keeping house for a gang of safe-crackers. Some environment for a little girl, you say?

Yes, but you should see how Mugsy came through. In the space of a few months she developed from a tiny gutter snipe into a radiant and lovely village belle.

Mae Murray plays the role of Mugsy in "Danger—Go Slow," an appealing Universal production written by Robert Leonard for the star he has directed in most of her successes.

Marguerite Clark at Princess

Marguerite Clark, widely known as "the sweetest girl in motion pictures," long was recognized before she entered the silent drama, as one of the most charming comedienne of the legitimate stage. Since she entered the film world, her progress has been phenomenally successful and her record is one of unbroken successes.

Miss Clark is being shown in "Mrs. Wiggs of the Cabbage Patch," at the Princess theatre tonight and tomorrow, and it seems certain that Lovely Mary in Alice Hegan Rice's remarkable story, she will score another triumph. The character of the girl of Bradford Ophlan who is ever ready to battle for justice and humanity even though she suffer therefor, is one that will be warmly appreciated by her army of admirers.

Miss Clark is finely supported in this admirable picture, her leading man being Gareth Hughes. The part of Mrs. Wiggs is in the capable hands of Mary Carr. Hugh Ford directed the production.

BOARD BESIEGED BY CONTRACTORS

Bids Opened for Erection of Manufacturers and Woman's Building at Fair Grounds

STRUCTURES TO COST \$320,000.

Woman's Building Will be Constructed of Brick and Will be Two Stories High

Indianapolis, Ind., May 1.—Members of the state board of agriculture were besieged by contractors and manufacturers today as bids were open for erection of a Manufacturers building and a Woman's building at the state fair grounds. The cost of the former is \$120,000 and the latter \$200,000.

According to the plans the Women's building will be of two floors and will be constructed of brick with stone trimmings. A basement will extend under the entire structure. The floors will be concrete. It is the intention to make the building fireproof.

Display rooms, a fine art gallery and secretary's office will occupy the first floor. The second floor will have an auditorium large enough for motion picture shows aside from teachers studies, girls dormitories and class rooms and large library and lecture rooms.

A model home, including a bedroom, a kitchen, a dining room and bath, will feature the basement. There will also be a large cafeteria and ladies restroom and ladies private dining room.

The manufacturers building is to be used primarily for the display of machinery and airplanes. This will be the first building in Indiana built for the express purpose of showing airplanes.

BOY KILLED: FATHER HURT

South Bend, Ind., May 1.—George Randall was perhaps fatally injured and his son Stanley, 12 years old, was instantly killed near Wawaka, east of South Bend, by a New York Central train yesterday afternoon when the automobile in which they were riding was struck by an express train from Chicago. The bodies were thrown fifty feet. Randall who lost control of his car, is a farmer living near Wawaka.

WOMEN ARE BOOSTING IT

YOU CAN'T FOOL THEM

Once you have shown them and got their confidence they will stick through thick and thin to what they know and believe is a good thing.

Hundreds of women in our city are going around today with joy in their hearts and a new lease on life and health where before each day was one long "nervous drag of misery."

As one woman expressed it, "It's not the work you do, it's the way you feel that makes the drudgery, you can't get ahead when you go to bed all in, too tired to sleep and get up in the morning half dead. Believe me I know. I certainly was a nervous wreck, every task a load, no ambition, thin, haggard and pale, an old woman before my time. Look at me now. Work is a pleasure. I am just bubbling over with good spirits, the picture of health, cheeks rosy and full of the color that only ironized blood can give, while my phosphate-fed nerves are as steady as a clock, nothing worries me, I sleep like a top and feel like a girl of sixteen. Take it from me, I want the phosphate-iron to get all of the credit, too much cannot be said in its praise, and all my friends are boosting it."

There is no need for any man or woman going around with that tired all-in feeling or any form of nervousness, if they take a brace, and stack up to a package of Phosphate Iron, it sure will spruce you up and make you feel like a live wire once more, so get busy.

Special Notice: To insure doctors and their patients getting the Genuine Phosphate Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

The C. W. B. M. of the Orange Christian church will meet tomorrow afternoon in the parlors of the church. At this time the members are expecting Mrs. Elizabeth Ross of Union City, to be with them. All members are urged to be present.

Mrs. John Megee was hostess for

the Band Workers of the First Presbyterian church yesterday afternoon at her home in North Harrison St. The regular program and business session was carried out, after which the members enjoyed a social hour.

Members of the Always Present Class of the Main Street Christian church gave a shower for Mrs. Vernon Spivey, formerly Miss Velva Phillips, Tuesday evening, at the home of her parents, Mr. and Mrs. C. W. Phillips in McClaren street. The evening was spent socially, at the close of which light refreshments were served.

Miss Gertrude Wilkinson, John Wilkinson and Lester Coons of this city were guests at a party given by Miss Maude Case at her home in Connersville Tuesday evening, honoring James Carter, who recently returned from overseas service. The hours were spent in music and dancing and at the close of the delightful evening, a dainty luncheon was served.

Mildred Wilson, small daughter of Mr. and Mrs. Charles Wilson, entertained a number of her little friends at her home northeast of New Salem Wednesday afternoon. The afternoon was spent in games, contests and music and at the close of the party dainty refreshments were served to the guests as follows: Margaret Fisher, Rena Mae Norris, Dorothy Logan, Leland Hunt, Florence Carney, Georgia Wilson and Alice King.

The following officers were elected at the regular meeting of the War Mothers club yesterday afternoon, which was held at the home of Mrs. Belle Trobaugh in North Harrison street: president, Mrs. John C. Blackledge; vice-president, Mrs. Thomas Hughes; secretary, Mrs. M. M. Coyne; treasurer, Mrs. John Conning; historian, Mrs. Charles Moore, and assistant historian, Mrs. Jim Marshall. At this time the members also planned to attend the Welcome Home Celebration in Indianapolis, next Wednesday, May 7, in a body. Twelve members already have made arrangements to go and all others who intend to attend please call Mrs. M. M. Coyne for further information. The next meeting will be with Mrs. Blackledge.

Practically all of the federated clubs of this county are planning to send delegates to the twelfth annual convention of the Sixth District Federation of clubs to be held at Knightstown May 13 and 14. The Tuesday afternoon session will begin with a reception at the Indiana Soldiers' and Sailors' Orphans' home, followed by music and talks in the evening. A feature of special interest for Wednesday will be the following questionnaire: "How are the blind of our State being benefited by what club women are doing?" "What is Americanization?" "How much will this war alter the status of women in industry, society and the state?" "What are we doing with the library extension movement in the Sixth district?" "What shall we do with our unfinished task?" "What shall I read?"

BLANKS RECEIVED BY COUNTY AUDITOR

Mexican and Civil War Veterans can
Not Get Exemption Under the
New State Tax Law

INTERESTS A LARGE NUMBER

The blank affidavits for the soldiers' exemption of taxes have been received by the county auditor and are now ready for distribution and filing. The affidavits are drawn in accordance with a new law providing a \$1,000 exemption on the assessed valuation of Mexican and Civil war veterans who served more than three months, either in the army or navy. The law also applies to the widows of these veterans. There is a chance that the soldiers will not get the exemptions this year, since the law will not be effective until the acts are published, and May 1 is the final day for filing affidavits. Not exceeding \$1,000 may be deducted from the assessed valuation on the duplicate in case the amount does not exceed \$5,000. The balance left after deduction is made is to be the basis of taxation. There is nothing in the law applying to Spanish-American war veterans or veterans of the world war. In filing the affidavits, the old soldiers are required to produce their pension certificates as evidence that they were soldiers or sailors as the case might be.

A large number of soldiers have made application for the affidavit blanks but the supply only arrived today.

GENERAL FAMOUS AS ARMY DIPLOMAT

Major Gen. Scott Turns Over Destinies of Camp Dix to Brig. General Hale.

CAREER HAS BEEN VARIED.

Had Been Chief of General Staff and Instrumental in Planning Selective Service System

(By United Press.)

Camp Dix, May 1.—Major General Hugh Scott, for years the most picturesque figure in the American Army, is again on the retired list, having turned over the destinies of Camp Dix to Brig. General Harry C. Hale, commander of the Twenty-sixth (Yankee) Division.

General Scott has been in command at Dix since January 2, 1918. General Hale has been with his command at Camp Devins since his return to this country. He was to have succeeded General Scott, April 10, when the latter received orders for his retirement from the war department but remained at the Massachusetts camp in order to participate in the parade with his division in Boston.

Although General Scott reached the age limit and was officially retired September 22, 1917, he immediately returned to duty at the request of President Wilson. Previous to this he had been chief of the general staff and was instrumental in planning the selective service and army training systems.

General Scott's career has been as varied as any of the present or past generations of the American army officers. He was born in Danville, Ky., in 1853, and entered West Point in 1872, being commissioned as a second lieutenant in the U. S. Cavalry in 1876. He served through the Sioux expedition in the same year, the Nez Perce uprising in 1877 and the Cheyenne disturbances in 1878.

He commanded the Indian Cavalry—the U. S. 7th troop, composed of Comanche, Apache and Kiowa Indians, until the unit was mustered out in 1892, after five years service. Later he was in charge of Geronimo's Band of Chiricahua Apaches.

Gen. Scott was adjutant general of Cuba from 1898 to 1903, when he was transferred to Jolo, P. I., commanding the army post there. He was instrumental in abolishing the slave trade in the Zulu Archipelago.

As a diplomat in dealing with Indians, Mexicans and Philippine tribesmen, Gen. Scott was in a class of his own. He settled peacefully the impending conflict between U. S. and Mexico at Nogales in 1915 and persuaded Villa to restore property confiscated from foreigners in Mexico. He also, with the late General Funston, participated in the El Paso Peace Conference with Mexico, in 1916.

Stop Itching Skin

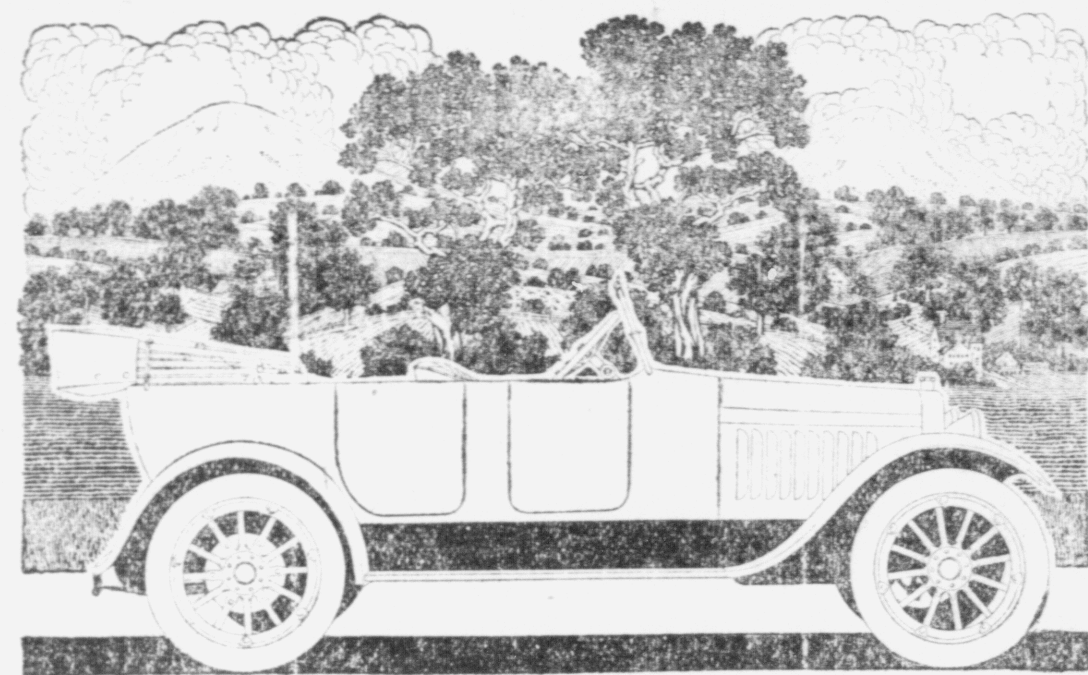

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

A HOT SPOT Chalmers
gives "a little extra"
every time you ask it

ANYONE paying \$1000 or more for a car is entitled to something more than "mouse-colored" performance. That thing called "a little extra" is the middle name of this Hot Spot Chalmers.

You find it in the following ways:

1. When you want "a little extra" power on a hill.
2. When you want "a little extra" smoothness in traffic performance.
3. When you want "a little extra" mileage on tires.
4. When you want "a little extra" mileage on gas.

For there are two things in particular this Hot Spot Chalmers is noted for. One is the power it extracts from gas; and the other is the ease with which that power is used.

Sitting in the tonneau or at the wheel you notice them. And notably the last named. The stillness, the lack of lurch, the muffling of all mechanical action is as noticeable as the fog horn is to the mariner—when the fog horn stops.

Hot Spot "breaks" up the gas so that the engine can get at the power that nature put in gas and Ram's-horn finishes the job by feeding it gently, quickly and to each cylinder at just the right moment to give results de luxe.

You who drive more expensive cars than a Hot Spot Chalmers would do well to check up these statements by seeing for yourself.

You're invited. Come soon.

VICTORY IS OURS

Wave high, the Red, the White, and Blue,
The rippling bars and twinkling stars,

In honor of those heroes true,
Who died that Victory might be ours.

Give freely of your treasured board,
Your longest hours, your supreme powers,

For those who perished by the sword,
That glorious Victory might be ours.

Think of the graves, unmarked, unknown;
Drab lowly bowers, uncheered by flowers,

Then gladly give to the Victory Loan
In thanks that Victory is ours. E. H.

ORDERED TO FILE SCHEDULE

Interurban Companies Instructed to
Show Rates Like Steam Roads

Indianapolis, Ind., April 30.—The public service commission today ordered all interurban companies as a whole or in part in Indiana to file within the next three days a schedule of interstate freight rates exactly as a priority with rates now in force by the steam companies.

They were also ordered that classification and revision in the zone, be made the same as those now used by the steam roads. The order followed filing of petitions by many of the interurban companies of the state to bring this about.

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly—sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

A PAGE FENCED FARM IS NOT ONLY
THE SIGN OF A GOOD FARMER

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

We sell Page, Elwood and American Fence.

We give 5% off for cash.

Obituaries 33

William S. Miller, son of Josiah and Lucinda Jones Miller, was born March 14, 1849, and departed this life April 20, 1919, after seventy years, one month, and six days.

He was the youngest son of a family of seven children. All of whom have preceded him to the great beyond, except one brother, John S. Miller of Rushville.

He was united in marriage, Feb. 27, 1873, to Ina C. Gardner, daughter of William A. and Nancy A. Gardner, and to this union were born six children, all of whom survive him, except, one son, Ordie E., who departed this life Dec. 20, 1907.

He leaves to mourn his departure, the widow and five children, namely: Omer A., Della May, Glennie C., Carrie E., and Raymond E., and Mollie Manning, the girl who made her home with them for eleven years and fifteen grandchildren and one great grandchild, also a host of relatives who will sadly miss him.

With his wife, he united with the Christian church at Flatrock in Aug. 1881, and later they moved their membership to the Christian church at Homer. He has always been a true and consistent follower of his blessed Master, leading a happy Christian life until he was called to meet his Saviour.

He was a kind husband and loving father, always ready to lend a willing hand and to speak a kind word. He has expressed many times that he was ready to cross the great river, but if it was God's will he was willing to stay here to do what good he could.

Although he will miss you here, dear father, we hope some day to meet thee face to face. When he heard the death angel he could say:

O, Captain, I know you:
Are you not Christ the Lord?
With light heart and joyous,
I hasten now on board.

Set sail, set sail, before the gale,
Our trip will soon be o'er.
Tonight we'll cast our anchor fast
Beside the heavenly shore.
Men sighed, "Lay him gently
Beneath the heavy sod."
The soul afar, beyond the bar
Went sailing on to God.

LOYALTY HELPS IN WAR RECORD

Walter S. Greengough, Publicity Director for Indiana, is Offered Loan Posters

HOOSIER WOMAN WRITES HIM.

Liberty Loan Posters Will be Made a Part of the States War History it is Announced.

Something of the loyalty that has contributed to the splendid war record made by Indiana, is expressed in a letter just received by Walter S. Greengough, publicity director for the Victory loan in Indiana, from Mrs. Florence W. Nicholas, of Washington, D. C.

Mr. Greengough, who has held his present post since the present loan organization was formed, was com-

Be a Joy-Walker, "Gets-It" for Corns

2 Drops, 2 Seconds—Corns Is Doomed!

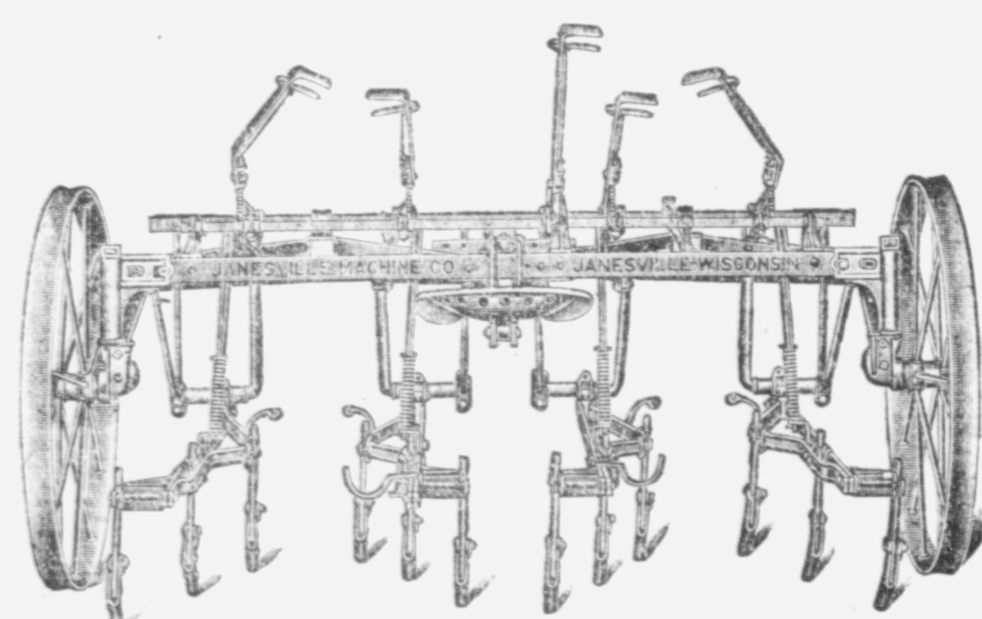

When you almost die with your shoes on and corns make you almost walk sideways to get away from the pain, take a vacation for a minute or two and apply 2 or 3 drops

"My Corns Peel Clean Off, With 'Gets-It'!" of the world's magic and only genuine corn-peeler, "Gets-It." Then, and then only, will you be sure that your corn will loosen from your toe so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick," razors and "diggers" that make corns bleed and also grow faster? Use painless, easy, always sure "Gets-It." There's only one like it in the world—that's "Gets-It." Millions have tried and O. K'd it for years. It never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do *all that work*. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

C. H. (Nick) TOMPKINS

missioned to write a chapter covering the subject of war financing, for the Indiana history of the war. As part of this effort he was endeavoring to collect a series of Loan posters, which proved very effective media for publicity. Appeals to the reserve banks and to the treasury department were unavailing and Mr. Greenough was almost convinced that it was a hopeless quest. Then came Mrs. Nicholas's letter in which she explained her knowledge of his search by stating that she was a stenographer in the Division of Publication of the Treasury department, and she adds:

"I am from Indiana, born there, have spent almost all my life there, claim my residence there, and hold the state most dear, as the strongest ties of my life exist there. Furthermore, I possess a complete set of Second Liberty loan posters, which I have carefully preserved for my young son, thinking that in after years he would appreciate their historical value, and Mr. Greenough, if you will accept these, I will gladly send you this rare possession for the state of Indiana. I think, also, that I possess one of the posters of the First Liberty Loan, which I will gladly send you along with those of the Second loan."

"If you will accept these I will be greatly pleased although I must say that I would not part with them for any other reason. However, there is a sacred spot within the bounds of the state of Indiana, where lies buried the father of my boy, and for that reason I hold the place most dear and will gladly send you the posters of the earlier loans, which I possess, if they are to be used for historical purposes."

It was the first and second loan posters that Mr. Greenough found most difficult to secure and he gladly availed himself of Mrs. Nicholas's generous offer. He states that the posters will be made part of the state's permanent collection, with the name of the donor appropriately inscribed thereon.

CHAPTER MEETING

Rush chapter No. 24, R. A. M., will have an afternoon and night meeting Thursday, beginning at 4:30 p. m., when the Royal Arch degree will be conferred on two classes of candidates. A banquet will be served at 6:30 o'clock. Companions are urged to attend.

RUSHVILLE SEES MOVING Fortress

American Whippet Tank. Two Weeks
Overdue, Brought From Shelby-
ville This Morning on Truck

GIVES EXHIBITION AT 4 P. M.

Endurance of Privates Sepker and
Bye Tested in Tour Almost as
Much as When Under Fire

Two weeks overdue, the American whippet tank was brought into Rushville aboard a huge army truck shortly before twelve o'clock today and will remain until tomorrow morning.

An exhibition of what the tank will do, in the interest of the Victory loan campaign was scheduled to take place at four o'clock this afternoon. The army truck, with signs tacked on it, was driven about the streets this afternoon advertising the event. The time of the exhibition was announced in all the city schools this afternoon so that the school children would not miss the opportunity of seeing the tank.

Privates Clayton L. Bye of New York City and Frank G. Sepker of Detroit, who are in charge of the truck and tank, have undergone difficulties that tested their endurance equally as much as their experience on the front lines, despite the fact that they were under fire continuously for seventy-two hours in the Argonne sector. They lost a week's time at Gosport when the tank's ignition system was damaged and since that time have suffered repeated delays due to troubles along the road, not the least of which was the accident just outside of Shelbyville yesterday afternoon when the rear wheels of the tank went through the floor of a bridge.

The truck was held suspended in a dangerous position and it was regarded by the two men as nothing short of miraculous that it did not fall twenty feet into twelve feet of water in the stream below. It was necessary for Privates Bye and Sepker to remain in Shelbyville all night and proceed to Rushville this morning.

On account of the mishap at Gosport, it has been impossible to drive the tank from town to town on its own power, as was originally intended. For this reason the tank is not able to perform any difficult feats because of the strain on the ignition system, which may break at any moment.

The tank is camouflaged with green and yellow paint, just as it was when it was in the service overseas. It is not the tank which Privates Sepker and Bye manned overseas. The tank which they used during their seven and a half months service in France was of French manufacture, but of the same size as the one here. It accommodates only two men, who alternate driving the tank and operating the gun mounted on it.

The two privates expected to be joined by another truck here this afternoon, to be used in transporting the tank to Indianapolis tomorrow in case of emergency. The tank weighs seven tons and tests the capacity of the five-ton truck on which it is being transported.

"Y" SECRETARIES TO MEET

Richmond, May 1.—It is expected that about thirty Y. M. C. A. secretaries and physical directors from different parts of Indiana would be present at the meeting here today and Friday of employment officers for the purpose of discussing the association's problems to be met the ensuing year in connection with the returning service men and other problems of like nature.

When news was received from Neff Ashworth, also with the base hospital, yesterday, and none from the other local boy with the unit, it was believed that he had not arrived because of a report that not all of the members of the hospital unit sailed due to the transport being crowded.

SAME RATE OF GAIN IS MAINTAINED TODAY

\$50,000 Added to Loan Subscrip-
tions in County, Bringing Total
to Within \$175,000 of Goal

3 TOWNSHIPS SEND \$14,900

Sales of Victory loan bonds today mounted \$50,000 more, the rate of gain for several days, so that the total reported to state and district headquarters tonight will be \$650,000. This leaves the county only \$175,000 short of its quota of \$825,000, which it was hoped could be raised by Saturday. Unless the rate of increase is larger tomorrow and Saturday, the goal can not be passed this week. County loan officials were very hopeful, however, of going over the top by Saturday night.

More reassuring reports were forthcoming today from the township canvassers, who forwarded to T. M. Green, county sales director, slips showing sales amounting to \$14,900 from three townships, Anderson, Walker and Center, all of which have previously reported sales. No word, either direct or indirect, has ever been received from Richland township, and the campaign is not being pushed very fast in some other townships. Anderson township reported \$1,600 additional today, Center \$4,200 more and Walker \$9,100 additional, making a total of \$14,700 reported by the latter township.

MUST FILE MORTGAGE EXEMPTIONS BY MAY 5

Taxpayers Are Warned That Next
Monday is Last Opportunity—
Also Last Day to Pay Taxes

ABOUT \$60,000 TO BE PAID YET

Attention was called to the fact today, at the county auditor's office that the time for filing mortgage exemptions expires on the same day as the spring taxpaying period, and all taxpayers who have not filed their exemptions are urged to do so at once. The last day a taxpayer will be able to get the mortgage exemption under the law is next Monday.

There are likewise only three more days after today in which to collect approximately \$60,000 due on the spring tax installment at the beginning of business today. Charles A. Frazee, county treasurer, announced this morning that collections up to last night amounted to \$257,885.13, and that the average would have to be about \$20,000 a day for the spring installment to be paid. The office will be open tomorrow night, Saturday night and Monday night for the convenience of people living in Rushville, who are asked not to call at the office during the day Saturday.

RAIN OFFSETS ILL EFFECTS OF FROST

Farmers are Encouraged Because
Moisture Will Overcome Much of
Damage Due to Freeze.

CORN PLANTING IS DELAYED

Fruit Raisers Take More Hopeful
Outlook—Believe Loss Not so
Heavy as First Thought.

Although there has been a great deal of grumbling during the last few days on account of the treatment received at the hands of the weather man, it was pointed out by farmers this morning that the rain today and for the last few days was the very thing to help to overcome the ill effects of the frost last week.

It is stated that the rain will cause the wheat and other crops, and also the fruit, to survive the frost in much better condition than if the weather would have been dry and the sun shining all the time. Many of the fruit raisers are encouraged by the prospect for a part of a crop, at least, instead of the dark outlook a day or two after the freeze when it appeared the loss would be total.

Some of the farmers were alarmed this morning, however, as the prospects of getting the corn planted at the usual time are not good. It is estimated that about five percent of the corn ground in the county is unplowed. Some farmers are entirely done and have their ground partly in order for planting. Many more have a little to do and others have more to do, so much that the continuance of wet weather is a disadvantage, and is becoming slightly alarming to them.

A large amount of corn land was broken during the fall and winter and some farmers have been extremely anxious to get to the planting job, since the preliminary work was completed. Many farmers, however, hold that if they get their corn planted by the middle of May they are getting the crop started on good time.

The farmers of the county are of the opinion that the freeze of last week did little damage to the wheat, unless it was in the low lands along the river. They also believe that the damage done to oats was probably not as great as first believed.

BOOST LOAN TOTAL

Washington, May 1.—Over night reports boosted the Victory Loan total about \$70,000,000, according to Treasury officials today.

P. A. Newhouse and John Bowles, county commissioners, and Hal Green, county highway superintendent, are probably the first civilians in Rush county to know the sensation of flying.

Each took a trip through the clouds in an airplane at the commercial flying field near Wabash, Ind., yesterday, and neither today had any regrets regarding the experience. They went to Wabash with Elmer Caldwell to inspect a motor truck manufactured there. The commissioners have advertised for bids on a truck to be used in hauling road material in the county. The flying field is conducted by the concern manufacturing the truck and is said to be the first one established in Indiana for commercial purposes. The field is composed of

to Allied Representatives

(By United Press.)

Rome, May 1.—The Italian peace delegation held a conference here tonight, lasting more than an hour. It was understood a decision was reached as to whether the delegations will return to Paris.

London, May 1.—A News agency dispatch from Rome today quoted a Rome paper as declaring the Premier Orlando and Foreign Minister Sonnino will remain there "until the allies are openly disposed to confer with Italy on a new basis."

Versailles, May 1.—Peace negotiations with Germany were officially open here at three o'clock this afternoon. At that hour Foreign Minister Brockdorff and Herr Landsberg, German delegates, handed their credentials to Jules Cambon, Henry White and Japanese Matsui, representing the allies. The meeting lasted five minutes.

Paris, May 1.—Details of Japanese "moral victory" in the controversy over her territorial claims in China will be announced soon, according to information from Japanese sources today.

The agreement reached between Japanese delegates and the Big Three yesterday afternoon is outlined as follows:

Japan cedes the Shantung peninsula, including the port of Kiaochow, to China. She will retain economic right in the peninsula and will receive certain valuable concessions in the port of Tsing Tao, 25 miles southeast of Kiaochow.

Japan will immediately withdraw her military force from the Shantung peninsula, which they occupied since they seized it from the Germans.

Safety of mines and railways will be guarded through the Chinese police.

It was expected that James G. Miller would be unanimously re-elected county school attendance officer by the county board of education this afternoon, following the announcement by W. S. Conde that he was not a candidate for the office. Trustees were also to report on school enumeration.

Mr. Conde denied he was a candidate, saying: "I am not a candidate for truant officer, or any other office. I was a boy once myself and I remember that my father always regulated my truancy with a leather strap."

MAY LEAD TO ROUND UP OF THE RADICALS

Bomb Plot is Uncovered by Inter-
ception of Infernal Machines—
Work of Expert Mechanic

ALL WORK OF SAME HANDS

(By United Press.)

New York, May 1.—As a result of the discovery and frustration of a nation-wide bomb conspiracy against the lives of many prominent Americans, every agency of the federal and municipal government was at work today, not only in an attempt to trace the authors of the terrorist plot, but to guard against the Red's boast of a "country-wide surprise on May day."

Members of New York's famous "bomb squad" under the direction of Inspector Parrot, and hundreds of detectives watched the haunts of every known radical here and it was intimated by the police that there would be a general roundup of extremists of all types in this city and suburbs.

While thirty-six bombs have been delivered or intercepted in various cities—all apparently mailed from New York in identical parcel post packages—Postmaster Patten said: "The likelihood that other infernal machines will be brought to light in the next twenty-four hours does not comfort me. This is absolutely appalling."

"REDS" PARADE IN CLEVELAND

(By United Press.)

Paris, May 1.—Many soldiers and civilians were injured in clashes here this afternoon resulting from May Day demonstrations. Shortly after the disturbances began a crowd broke through a line of gendarmes but was stopped by cavalry. Many fights occurred between civilians and gendarmes when a red flag was unfurled.

About one-half of the demonstrators were allowed to continue until the cavalry reformed them. The demonstrators then surged into another street when another demonstration started.

The demonstrators shouted "Down with Clemenceau," "Vive Wilson" and "Vive America."

NEW LUXURY TAX GOES INTO EFFECT

Ice Cream and Sodas Are Taxable
Along With Many of Other
Small Articles

TOILET ARTICLES IN THE LIST

Revenue Stamps Will be Affixed
Making the Retailers Respon-
sible For the Collection of Tax

Today those who are fond of visiting the ice cream parlors were required to have their pennies ready for the new luxury tax went into effect this morning. Under the new law a tax of one cent must be paid for every purchase of ten cents or a fraction thereof the amount paid for all ice cream, ice cream sodas and other drinks and small luxuries.

Local druggists and confectioners have been wondering just how they are going to keep a record of all the sales that they make, especially during rush hours. The law specifically states that an accurate account must be kept of every sale.

The law does not only affect soda fountain sales but hundreds of other small articles will be taxed, such as toilet articles. In this case the tax will be 1 cent on every 25 cents worth purchased. Revenue stamps will be affixed to the articles sold and the retailers will be responsible for collecting the tax.

Taxicabs, jitney busses and other passenger automobiles operated for hire are subject to special government taxes under regulations just issued by the international revenue bureau interpreting the provisions of the revenue act. On an automobile with a seating capacity of from three to seven is taxed \$10 a year, and busses capable of carrying more than seven are taxed \$20. Two-passenger cars are exempt.

The regulations provide that "bus lines, automobile stages and jitneys operating over regular routes" and cars operated by sightseeing companies are liable to the tax. The tax is assessed against the car and not the owner, so that if a man sells a car he may not transfer the tax to another car. This tax became effective January 1 and is now due.

Other articles to be taxed and the percentage of the cost as represented by the tax are: pianos, organs (other than pipe organs), phonographs, music boxes, records, etc., 5 per cent; sporting goods (except playing cards and children's toys and games), 10 per cent; chewing gum 3 per cent; cameras, 10 per cent; candy, 5 per cent; firearms, shells and cartridges, 10 per cent; dirk knives, daggers, sword canes, stilettos and brass or metallic knuckles, 100 per cent.

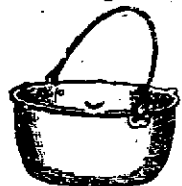

There is also to be a tax of 10 per cent of so much of the amount paid for any of the following articles as is in excess of a price specified for each article: Carpets and rugs, picture frames, trunks, portable lighting fixtures, umbrellas, fans, women's and misses' hats, bonnets and hoods on the amount in excess of \$15 each; men's and boy's hats on the amount in excess of \$5; shoes, neckties, shirts, pajamas and underwear.

According to a statement by Peter J. Krueger, internal revenue collector today, the tax is upon the whole amount of the tax paid by the purchaser when the price is paid at one time though in payment for several articles which are the subject of a single transaction of purchase and sale. The total price paid is the unit for computing the tax. Thus, if the purchaser orders two sodas at the same time and each sold for 15c the tax is 3c and not 1c. If, however, he buys the soda for 15c the tax is 2c and if he then immediately purchases another 15c drink the tax is 3c on the second purchase. Continued from Page One.

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pain; sometimes a dull heavy pain, leaving soreness. TO PROBE PITMAN FORGERY

The grand jury for the May term of the Decatur circuit court, which opens next Monday, has been called, and one of the first cases it takes up for investigation will be the alleged passing of two forged checks at Clarksburg by Ernest Pitman, age 19 years, son of William Pitman, living east of New Salem. Pitman was arrested Monday evening and is said to have admitted forging two checks, one for \$60 and another for \$15, and passing them. The authorities have been unable to find the \$75. Pitman says he threw it in a wheat drill on the farm where he worked.

COW TESTING CLUB LIKELY

Dairymen of Three Counties May be Organized, it is Stated

According to the report a cow testing club is to be organized between Rush, Fayette and Decatur counties in the near future. The

paramount purpose of such a club, it is pointed out, is to better dairying conditions. A licensed tester is to be hired and it will be his duty to examine the cows, which are owned by the members, and he will also test the milk. When this organization will be formed and who the members will be, has not been announced. This club should be of interest of dairymen of this county since it is estimated that only one cow in ten is a money maker. This club would enable the farmer to get rid of the slacker cow.

IT'S WEAR LIKE THIS THAT CUTS YOUR SHOE EXPENSE

Stepping on small pieces of hot metal, walking on sharp chips of steel, standing in hot sand—these, and other harsh conditions of walking surfaces, in a steel plant, have no apparent effect on Neslin Soles. So says R. J. Doty, plant superintendent of the Siver Steel Casting Company, Milwaukee, Wisconsin.

"The best oak tanned leather soles last about three weeks under the abuse given them in the foundry, while I have been wearing a pair of Neslin Soles for more than three months. And to all appearances, they are as stout as when first put on my shoes," says Mr. Doty.

Only Neslin Soles can resist wear and abuse like this. They are created by Science to be very tough and durable—flexible and waterproof, too. To reduce your own shoe expense, and to cut the family shoe bills, buy Neslin-soled shoes. You can get them in many styles for men, women, and children.

And have your worn shoes re-bottomed with Neslin Soles. These long-wearing soles are manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Soles—guaranteed to outlast all other heels.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into dandy Bright's Disease. One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism. Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Hasler's Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

A Double Obligation.

Let's talk about the good name of Rush county.

Very little has been left unsaid about the "unselfish devotion of our youthful paladins who, in the dark hour of national peril, buckled on the sword, and, facing the supreme sacrifice, with the name of Rush county upon their lips," etc., etc. We have heard it all several times. The windhammers and spellbinders have dished it out in ladies. We know it off by heart.

The monotony of it has tired us to the point of callousness. And, as a result, we forget that we still face an obligation.

After discounting the patriotic rhapsodies of the politician—the hot air sublimities of candidates for office—we recover a vague consciousness of a duty which we still owe to boys of Rush county who have doffed their uniforms.

Throughout the country there are many cases of unemployment among soldiers from overseas. There are those whom blindness and mutilation have placed in a class to which no compensation can be offered commensurate with their sacrifice. The government no doubt wants to do something for their relief, and would do more if it had the price. That is one of the reasons for the Victory Loan. That is where we dwellers in Rush county come in.

"But" you ask, "how do we know what the government will do with our money? We have read of scandalous squanderings in the last

two years. What check have we on expenditure?"

We haven't any. And we never will have until we insist that representatives from this and all other districts demand a budget system—a system of national accounting—of the kind that obtains in all great nations except our own.

Here then is our double duty. Over-subscribe our quota; and demand ceaselessly and everlastingly a modern system of checking expenditures and regulating appropriations. But oversubscribe the quota. Do that first; and don't forget to do the other afterwards.

We wonder if a gentle and delightful sense of humor is an integral part of Bolshevism. To make men condemned to be shot dig the pit in which they are to lie together appears to the Russian bolshevik a neat and appropriate joke. They also drive nails into the shoulders of captured officers and merrily term this "decorating them."

It seems that our aviators are better flyers than talkers. When it comes to making self-glorifying speeches at banquets, their motors stall.

Digest of New Indiana Laws
By Charles Kettleborough.

BOLSHEVISM—An act approved March 14 makes it unlawful to display or exhibit any flag, banner or emblem symbolizing a purpose to overthrow the government by force violence or to destroy property to gain industrial ends; it is likewise unlawful to advocate, write, print, publish, sell or distribute any books, pamphlets or literature advocating any such doctrines of anarchy or sabotage.

The following articles of food or drink are subject to tax within the meaning of Section 630 of the Revenue Act of 1918. All beverages when compounded or mixed at the fountain, such as orangeade, lemonade, pineapple juice, coca cola, root beer, moxie, phosphates, fruit and flavoring sirups compounded or mixed with carbonated water or plain water, milk shakes in any form, cream and egg shakes, ice cream, ice cream sodas, ice cream sundaes, ice cream sandwiches, flavored ices and all other similar foods or drinks. This list, however, is not intended or considered to be complete, but merely illustrative of the class of articles subject to tax.

There are certain drinks which are often sold at soda fountains, ice cream parlors or other similar places of business which are not

When You Need a Truck

What one are you going to buy? Are you going to buy the one that conservative business men buy or are you going to buy the one that some purchasing AGENT of the government bought without considering whether it was right or wrong. UNCLE SAM paid the freight on all government trucks. But when a highly successful corporation, that was spending their own money that they had made themselves, knew that the government would need GASOLINE delivered to their various camps all over the country and that failure to deliver this gasoline at the right time meant the possible loss of some of our brave boys—WHAT DID THEY BUY TO DELIVER THE GOODS?

"INTERNATIONAL TRUCKS"

—because they knew that they had never failed to do what they were built to do. There is a difference between SPENDING your own money and money furnished by the government and wide awake business men buy what they KNOW is right. That is what the STANDARD OIL COMPANY did when they bought INTERNATIONAL TRUCKS. They KNEW what was the best and bought them. I want to demonstrate an INTERNATIONAL to every MAN that wants a truck. For they are the ones that one can absolutely depend on—without saying anything about International Service or that repairs and expert service are always obtainable at Richmond in THREE HOURS time. It makes no difference what truck you buy, you will need repairs and expert service sooner or later. That is what we are going to give you when you want it without any delay. WATCH the Standard Oil Company TRUCKS. You can see them on the streets every day. When you buy, BUY one that you can use every day, and not in the repair shop all the time. I will gladly demonstrate the INTERNATIONAL to you at any time.

Amusements

Soldiers at the Mystic

Private George I. Hall and company are present at the Mystic theatre tonight with the story of the battle of St. Mihiel and other engagements in oral and picture form. Friday Mae Murray in "Danger—Go Slow" will be shown.

Muggsy Mulane was just like a boy; in fact, she wore boy's clothes and would pass for a little he-archin any place. While other girls of her age were playing at lawn parties and spending all their pennies for freckle-remover, Muggsy was keeping house for a gang of safe-crackers. Some environment for a little girl, you say?

Yes, but you should see how Muggsy came through. In the space of a few months she developed from a tiny gutter snipe into a radiant and lovely village belle.

Mae Murray plays the role of Muggsy in "Danger—Go Slow," an appealing Universal production written by Robert Leonard for the star he has directed in most of her successes.

Marguerite Clark at Princess

Marguerite Clark, widely known as "the sweetest girl in motion pictures," long was recognized before she entered the silent drama, as one of the most charming comedienne of the legitimate stage. Since she entered the film world, her progress has been phenomenally successful and her record is one of unbroken successes.

Miss Clark is being shown in "Mrs. Wiggs of the Cabbage Patch," at the Princess theatre tonight and tomorrow, and it seems certain that Lovely Mary in Alice Hegan Rice's remarkable story, she will score another triumph. The character of the girl of Bradford Orphanage who is ever ready to battle for justice and humanity even though she suffer therefor, is one that will be warmly appreciated by her army of admirers.

Miss Clark is finely supported in this admirable picture, her leading man being Gareth Hughes. The part of Mrs. Wiggs is in the capable hands of Mary Carr. Hugh Ford directed the production.

BOARD BESIEGED BY CONTRACTORS

Bids Opened for Erection of Manufacturers and Woman's Building at Fair Grounds

STRUCTURES TO COST \$320,000.

Woman's Building Will be Constructed of Brick and Will be Two Stories High

Indianapolis, Ind., May 1.—Members of the state board of agriculture were besieged by contractors and manufacturers today as bids were open for erection of a Manufacturers building and a Woman's building at the state fair grounds. The cost of the former is \$120,000 and the latter \$200,000.

According to the plans the Women's building will be of two floors and will be constructed of brick with stone trimmings. A basement will extend under the entire structure. The floors will be concrete. It is the intention to make the building fireproof.

Display rooms, a fine art gallery and secretary's office will occupy the first floor. The second floor will have an auditorium large enough for motion picture shows aside from teachers studies, girls dormitories and class rooms and large library and lecture rooms.

A model home, including a bedroom, a kitchen, a dining room and bath, will feature the basement. There will also be a large cafeteria and ladies restroom and ladies private dining room.

The manufacturers building is to be used primarily for the display of machinery and airplanes. This will be the first building in Indiana built for the express purpose of showing airplanes.

BOY KILLED: FATHER HURT

South Bend, Ind., May 1.—George Randall was perhaps fatally injured and his son Stanley, 12 years old, was instantly killed near Wawaka, east of South Bend, by a New York Central train yesterday afternoon when the automobile in which they were riding was struck by an express train from Chicago. The bodies were thrown fifty feet. Randall who lost control of his car, is a farmer living near Wawaka.

WOMEN ARE BOOSTING IT

YOU CAN'T FOOL THEM

Once you have shown them and got their confidence they will stick through thick and thin to what they know and believe is a good thing.

Hundreds of women in our city are going around today with joy in their hearts and a new lease on life and health where before each day was one long "nervous drag of misery."

As one woman expressed it, "It's not the work you do, it's the way you feel that makes the drudgery, you can't get ahead when you go to bed all in, too tired to sleep and get up in the morning half dead. Believe me I know. I certainly was a nervous wreck, every task a load, no ambition, thin, haggard and pale, an old woman before my time. Look at me now. Work is a pleasure. I am just bubbling over with good spirits, the picture of health, cheeks rosy and full of the color that only ironized blood can give, while my phosphate-fed nerves are as steady as a clock, nothing worries me. I sleep like a top and feel like a girl of sixteen. Take it from me, I want Phosphated Iron to get all of the credit, too much cannot be said in its praise, and all my friends are boosting it."

There is no need of any man or woman going around with that tired all-in feeling or any form of nervousness, if they take a brace, and stack up to a package of Phosphated Iron, it sure will spruce you up and make you feel like a live wire once more, so get busy.

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

the Band Workers of the First Presbyterian church yesterday afternoon at her home in North Harrison St. The regular program and business session was carried out, after which the members enjoyed a social hour.

Members of the Always Present Class of the Main Street Christian church gave a shower for Mrs. Vernon Spivey, formerly Miss Velva Phillips, Tuesday evening, at the home of her parents, Mr. and Mrs. C. W. Phillips in McClaren street. The evening was spent socially, at the close of which light refreshments were served.

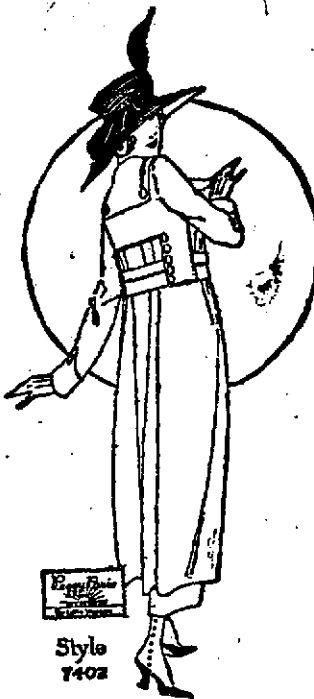

Miss Gertrude Wilkinson, John Wilkinson and Lester Coons of this city were guests at a party given by Miss Maude Case at her home in Connersville Tuesday evening, honoring James Carter, who recently returned from overseas service. The hours were spent in music and dancing and at the close of the delightful evening, a dainty luncheon was served.

Mildred Wilson, small daughter of Mr. and Mrs. Charles Wilson, entertained a number of her little friends at her home northeast of New Salem Wednesday afternoon. The afternoon was spent in games, contests and music and at the close of the party dainty refreshments were served to the guests as follows: Margaret Fisher, Rena Mae Norris, Dorothy Logan, Leiland Hunt, Florence Carney, Georgia Wilson and Alice King.

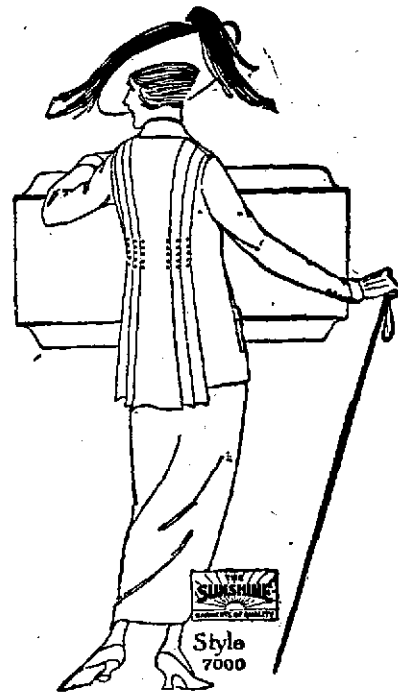

The following officers were elected at the regular meeting of the War Mothers club yesterday afternoon, which was held at the home of Mrs. Belle Trobaugh in North Harrison street: president, Mrs. John C. Blackledge; vice-president, Mrs. Thomas Hughes; secretary, Mrs. M. M. Coyne; treasurer, Mrs. John Cooney; historian, Mrs. Charles Moore, and assistant historian, Mrs. Jim Marshall. At this time the members also planned to attend the Welcome Home Celebration in Indianapolis, next Wednesday, May 7, in a body. Twelve members already have made arrangements to go and all others who intend to attend please call Mrs. M. M. Coyne for further information. The next meeting will be with Mrs. Blackledge.

Practically all of the federated clubs of this county are planning to send delegates to the twelfth annual convention of the Sixth District Federation of clubs to be held at Knightstown May 13 and 14. The Tuesday afternoon session will begin with a reception at the Indiana Soldiers' and Sailors' Orphans' home, followed by music and talks in the evening. A feature of special interest for Wednesday will be the following questionnaire: "How are the blind of our State being benefited by what club women are doing?" "What is Americanization?" "How much will this war alter the status of women in industry, society and the state?" "What are we doing with the library extension movement in the Sixth district?" "What shall we do with our unfinished task?" "What shall I read?"

BLANKS RECEIVED BY COUNTY AUDITOR

Mexican and Civil War Veterans can
Not Get Exemption Under the
New State Tax Law

INTERESTS A LARGE NUMBER

The blank affidavits for the soldiers' exemption of taxes have been received by the county auditor and are now ready for distribution and filing. The affidavits are drawn in accordance with a new law providing a \$1,000 exemption on the assessed valuation of Mexican and Civil war veterans who served more than three months, either in the army or navy. The law also applies to the widows of these veterans. There is a chance that the soldiers will not get the exemptions this year, since the law will not be effective until the acts are published, and May 1 is the final day for filing affidavits.

Not exceeding \$1,000 may be deducted from the assessed valuation on the duplicate in case the amount does not exceed \$5,000. The balance left after deduction is made is to be the basis of taxation. There is nothing in the law applying to Spanish-American war veterans or veterans of the world war. In filing the affidavits, the old soldiers are required to produce their pension certificates as evidence that they were soldiers or sailors as the case might be.

A large number of soldiers have made application for the affidavit blanks but the supply only arrived today.

GENERAL FAMOUS AS ARMY DIPLOMAT

Major Gen. Scott Turns Over Destinies of Camp Dix to Brig. General Hale.

CAREER HAS BEEN VARIED.

Had Been Chief of General Staff and Instrumental in Planning Selective Service System

(By United Press.)

Camp Dix, May 1.—Major General Hugh Scott, for years the most picturesque figure in the American Army, is again on the retired list, having turned over the destinies of Camp Dix to Brig. General Harry C. Hale, commander of the Twenty-sixth (Yankee) Division.

General Scott has been in command at Dix since January 2, 1918. General Hale has been with his command at Camp Devins since his return to this country. He was to have succeeded General Scott, April 10, when the latter received orders for his retirement from the war department but remained at the Massachusetts camp in order to parade with his division at Boston.

Although General Scott reached the age limit and was officially retired September 22, 1917, he immediately returned to duty at the request of President Wilson. Previous to this he had been chief of the general staff and was instrumental in planning the selective service and army training systems.

General Scott's career has been as varied as any of the present or past generation of the American army officers. He was born in Danville, Ky., in 1853, and entered West Point in 1872, being commissioned as a second lieutenant in the U. S. Cavalry in 1876. He served through the Sioux expedition in the same year, the Nez Perce uprising in 1877 and the Cheyenne disturbances in 1878.

He commanded the Indian Cavalry—the U. S. 7th troop, composed of Comanche, Apache and Kiowa Indians, until the unit was mustered out in 1892, after five years' service. Later he was in charge of Geronimo's Band of Chiricahua Apaches.

Gen. Scott was adjutant general of Cuba from 1898 to 1903, when he was transferred to Jalo, P. I., commanding the army post there. He was instrumental in abolishing the slave trade in the Zula Archipelago.

As a diplomatist in dealing with Indians, Mexicans and Philippine tribesmen, Gen. Scott was in a class of his own. He settled peacefully the impending conflict between U. S. and Mexico at Nogales in 1915 and persuaded Villa to restore property confiscated from foreigners in Mexico. He also, with the late General Panston, participated in the El Paso Peace Conference with Mexico, in 1916.

Stop Itching Skin

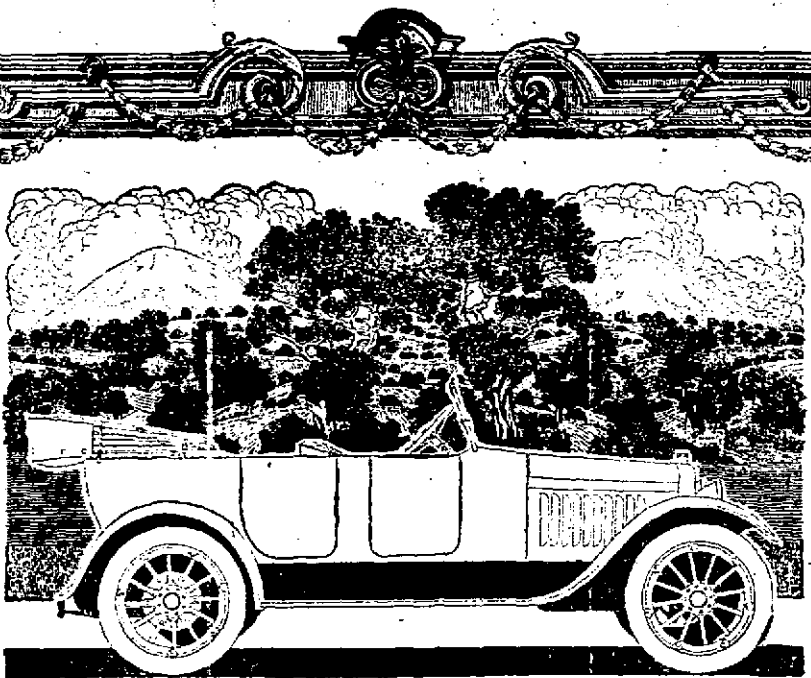

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35¢ or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

A HOT SPOT Chalmers
gives "a little extra"
every time you ask it

ANYONE paying \$1000 or more for a car is entitled to something more than "mouse-colored" performance. That thing called "a little extra" is the middle name of this Hot Spot Chalmers.

You find it in the following ways:

1. When you want "a little extra" power on a hill.
2. When you want "a little extra" smoothness in traffic performance.
3. When you want "a little extra" mileage on tires.
4. When you want "a little extra" mileage on gas.

For there are two things in particular this Hot Spot Chalmers is noted for. One is the power it extracts from gas; and the other is the ease with which that power is used.

Sitting in the tonneau or at the wheel you notice them. And notably the last named. The stillness, the lack of lurch, the muffling of all mechanical action is as noticeable as the fog horn is to the mariner—when the fog horn stops.

Hot Spot "breaks" up the gas so that the engine can get at the power that nature put in gas and Ram's-horn finishes the job by feeding it gently, quickly and to each cylinder at just the right moment to give results de luxe.

You who drive more expensive cars than a Hot Spot Chalmers would do well to check up these statements by seeing for yourself.

You're invited. Come soon.

VICTORY IS OURS

Wave high, the Red, the White, and Blue,
The rippling bars and twinkling stars,

In honor of those heroes true,
Who died that Victory might be ours.

Give freely of your treasured hoard,
Your longest hours, your supreme powers,

For those who perished by the sword,
That glorious Victory might be ours.

Think of the graves, unmarked, unknown;
Drab lowly bowers, uncheered by flowers,

Then gladly give to the Victory Loan
In thanks that Victory is ours.

ORDERED TO FILE SCHEDULE

Interurban Companies Instructed to
Show Rates Like Steam Roads

Indianapolis, Ind., April 30.—The public service commission today ordered all interurban companies to file a whole or in part in Indiana to file within the next three days a schedule of interstate freight rates exactly as a priority with rates now in force by the steam companies.

They were also ordered that classification and revision in the zone be made the same as those now used by the steam roads. The order followed filing of petitions by many of the interurban companies of the state to bring this about.

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly, sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

**A PAGE FENCED FARM IS NOT ONLY
THE SIGN OF A GOOD FARMER**

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

We sell Page, Elwood and American Fence.

We give 5% off for cash.

Obituaries

William S. Miller, son of Josiah and Lucinda Jones Miller, was born March 14, 1849, and departed this life April 20, 1919, age seventy years, one month, and six days.

He was the youngest son of a family of seven children. All of whom have preceded him to the great beyond, except one brother, John S. Miller of Rushville.

He was united in marriage, Feb. 27, 1873, to Ina C. Gardner, daughter of William A. and Nancy A. Gardner, and to this union were born six children, all of whom survive him, except one son, Orrie E., who departed this life Dec. 20, 1907.

He leaves to mourn his departure, the widow and five children, namely: Omer A., Della May, Glennie C., Carrie E., and Raymond E., and Mollie Manning, the girl who made her home with them for eleven years and fifteen grandchildren and one great grandchild, also a host of relatives, who will sadly miss him.

With his wife, he united with the Christian church at Flatrock in Aug. 1881, and later they moved their membership to the Christian church at Homer. He has always been a true and consistent follower of his blessed Master, leading a happy Christian life until he was called to meet his Saviour.

He was a kind husband and loving father, always ready to lend a willing hand and to speak a kind word.

He has expressed many times that he was ready to cross the great river, but if it was God's will he was willing to stay here to do what good he could.

Although we will miss you here, dear father, we hope some day to meet thee face to face. When he heard the death angel he could say:

O, Captain, I know you:
Are you not Christ the Lord?
With light heart and joyous,
I hasten now on board.

Set sail, set sail, before the gale,
Our trip will soon be o'er.

Tonight we'll cast our anchor fast
Beside the heavenly shore.
Men sighed, "Lay him gently
Beneath the heavy sod."
The soul afar, beyond the bar
Went sailing on to God.

LOYALTY HELPS IN WAR RECORD

Walter S. Greengough, Publicity Director for Indiana, is Offered Loan Posters

HOOSIER WOMAN WRITES HIM

Liberty Loan Posters Will be Made a Part of the States War History it is Announced.

Something of the loyalty that has contributed to the splendid war record made by Indiana, is expressed in a letter just received by Walter S. Greengough, publicity director for the Victory loan in Indiana, from Mrs. Florence W. Nicholas, of Washington, D. C.

Mr. Greengough, who has held his present post since the present loan organization was formed, was com-

missioned to write a chapter covering the subject of war financing for the Indiana history of the war. As part of this effort he was endeavoring to collect a series of Loan posters, which proved very effective media for publicity. Appeals to the reserve banks and to the treasury department were unavailing and Mr. Greengough was almost convinced that it was a hopeless quest. Then came Mrs. Nicholas's letter in which she explained her knowledge of his search by stating that she was a stenographer in the Division of Publication of the Treasury department, and she adds:

"I am from Indiana, born there, have spent almost all my life there, claim my residence there, and hold the state most dear, as the strongest ties of my life exist there. Furthermore, I possess a complete set of Second Liberty loan posters, which I have carefully preserved for my young son, thinking that in after years he would appreciate their historical value, and Mr. Greengough, if you will accept these, I will gladly send you this rare possession for the state of Indiana. I think, also, that I possess one of the posters of the First Liberty Loan, which I will gladly send you along with those of the Second loan.

"If you will accept these I will be greatly pleased although I must say that I would not part with them for any other reason. However, there is a sacred spot within the bounds of the state of Indiana, where lies buried the father of my boy, and for that reason I hold the place most dear and will gladly send you the posters of the earlier loans, which I possess, if they are to be used for historical purposes."

It was the first and second loan posters that Mr. Greengough found most difficult to secure and he gladly availed himself of Mrs. Nicholas's generous offer. He states that the posters will be made part of the state's permanent collection, with the name of the donor appropriately inscribed there-on.

CHAPTER MEETING

Rush chapter No. 24, R. A. M. will have an afternoon and night meeting Thursday, beginning at 4:30 p. m., when the Royal Arch degree will be conferred on two classes of candidates. A banquet will be served at 6:30 o'clock. Companions are urged to attend.

Be a Joy-Walker, "Gets-It" for Corns

2 Drops, 2 Seconds—Corns Is Doomed!

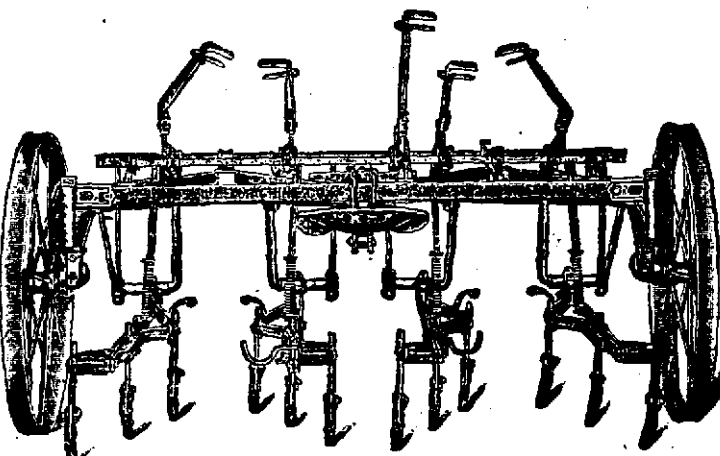

When you almost die with your shoes on and corns make you almost walk sideways to get away from the pain, take a vacation for a minute or two and apply 2 or 3 drops

"My Corns Peel Clean Off, With 'Gets-It'!" of the world's magic and only genuine corn-peeler "Gets-It." Then, and then only, will you be sure that your corn will loosen from your toe so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick," razors and "diggers" that make corns bleed and also grow faster? Use painless, easy, always sure "Gets-It." There's only one like it in the world—that's "Gets-It." Millions have tried and O. K'd it for years. It never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do *all that work*. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

WE SELL THE STUDEBAKER, MAXWELL AUBURN and CHANDLER

Some of our competitors, for a selling argument, have been telling prospective automobile buyers, that we are unable to furnish service on the above line of automobiles.

The people of Rush and surrounding counties know what kind of service we have always given them on all other lines that we have handled for the past twenty years, and we wish to assure the public that we will absolutely be able to furnish the same satisfactory service on automobiles that we have in the past on our other lines.
